Say goodbye to toilet paper and experience the new clean!

The Brondell SimpleSpa hand held bidet (diaper sprayer / shattaf) is a simple and inexpensive way to retrofit your existing toilet into a hygienic bidet. You are making the right decision to buy the SimpleSpa – made of durable high quality components and backed by our standard warranty and superior customer support, it is the quality choice for hand held bidet sprayers. Why go back to dry irritating toilet paper or expensive baby wipes when you can use the SimpleSpa?

Comfort Meets Cleanliness

The SimpleSpa provides a refreshing and cleansing bidet / shattaf wash or convenient diaper spray right in the palm of your hand. The elegant and ergonomic hand sprayer is simple to use and offers several mounting options to easily install in any bathroom. The solid metal T-valve (with brass core) offers full pressure adjustability and complete water shutoff for safety. The flexible metal banded PVC hose makes the SimpleSpa one of the most reliable bidet sprayers on the market. The SimpleSpa hand held bidet (diaper sprayer / shattaf) is the new clean for the entire family.

Easy to Install and Easy to Clean

The SimpleSpa hand held bidet (diaper sprayer / shattaf) is the easiest bidet attachment to install, usually requiring 15 minutes or less.

Simply turn off your cold water supply at the wall; connect the hose to the all metal T-valve and sprayer; and mount the sprayer either on the wall or on the toilet with the included hardware. Everything you need for standard DIY installation is included - no professional plumber needed!
